

## ELIGIBILITY

The following categories of contemporary art spaces may apply to be considered for participation in RAD 2024:

- Galleries based in Romania.
- Contemporary art spaces identifying as project and artist-run spaces based in Romania.
- International contemporary art spaces including at least one Romanian artist in their presentation at the fair.

All applicants must run a consistent year-round program with a minimum of four exhibitions per year and regular public hours.

Applications may be submitted by any gallery, regardless of their founding year, but all applicants must have already started a regular program by the time of the application deadline. As a rule, the RAD Selection Committee chooses exhibitors based on the quality of their overall program, expertise, experience in the market, relevance and ambition of their proposal.

A limited number of smaller booths, supported by the RAD Association, is provided for project spaces with outstanding proposals. Please check this option on the application form if you wish to be considered.

---
